Monthly insight

Tomáš Kálal
Penta Fund

In August, the Penta Equity fund recorded a positive performance across investment classes. The NAV of the sub-fund increased to EUR 823 million. The CZK-denominated classes benefited significantly from currency hedging, which, thanks to the strengthening of the Czech koruna against the Euro, generated additional gains and positively influenced the price of investment shares denominated in CZK. The sub-fund continued investing in shares of Penta Investments Limited.

In the pharmacy sector, Dr. Max continued its expansion in both the Czech and Slovak

markets. In Slovakia, new pharmacies were opened in Vrbové and in the modernized Bratislava district of Vydrice, further improving access to pharmaceutical care in both regional and urban areas. In the Czech Republic, the network was strengthened by four new branches – in Mladá Boleslav, Prague–Petrovice, Hradec Králové, and Broumov. All branches are managed by experienced pharmacists, fully integrated into the operational system, and focused on delivering high-quality care. With this step, Dr. Max reinforces its market position and contributes to the long-term stability of the Penta Group portfolio, in which the sub-fund invests.
